

Healthy Environment and Healthy Peoples

in Yellowknife, Ndilo and Dettah

April 27, 2017

Prince of Wales Northern
Heritage Centre

7 pm – 9 pm

(Museum Café)

HEMP

Health Effects Monitoring Program

**Join a community consultation
with the Health Effects Monitoring
Program (HEMP) team!**

Learn about how the Giant Mine
Remediation Project will measure
possible health effects during
Remediation.

We would love your input! Your
feedback will help us refine our
program to ensure a healthy
environment for all.

For more information, email
ykhemp@uottawa.ca

Funding for this program was provided by Indigenous and Northern Affairs Canada.
